

THIS IS THE SAFETY AREA

The diagram shows a light blue rectangular area representing a card layout. It is surrounded by a light pink border. Three lines with arrows point from text labels to the top edge of the blue area: a pink line for the safety area, a black line for the trim area, and a green line for the bleed area. The safety area is the innermost region, the trim area is the next layer out, and the bleed area is the outermost layer.

TRIM AREA (PAPER SIZE)

THIS IS THE BLEED AREA

ACTIVE AREA

4.75" x 6.5" SINGLE CARD
FITS IN A-6 ENVELOPE
TRIM 4.75" x 6.5"
BLEED 5" x 6.75"
.25" SAFETY AREA
.125 BLEED
